

Noel Abejo
VP Technology Manager

Noel Abejo, Technology Manager in Technology Infrastructure for Wells Fargo, is responsible for managing the (NDM) Network Data Mover Support Team. NDM is the data communications software utilized for moving data in over 7,000 servers in the distributed environment as well as mid-range and mainframe systems.

Noel has lived and worked in Philadelphia before joining Wells Fargo in 2000 (First Union). His 30 years of Information Technology professional experience also includes PNC Bank and Towers Perrin. He holds an associate's degree in Computer Data Processing from Peirce College, a bachelor's degree in Information Science from Widener University and a master's degree in Computer Information Science from La Salle University.

As a strong advocate of diversity and inclusion efforts, Noel is the Co-Chair of Metropolitan Philadelphia Asian Connection and the Chair of the Technology and Operation's Philadelphia Site Diversity Team. In the community, he serves on the Advisory Board of the Asian American Chamber of Commerce of Greater Philadelphia and a Board member of the Peirce College Alumni Association. Noel is a Bike-a-thon Committee member of the American Cancer Society and also volunteers with the American Red Cross and Big Brother Big Sisters of Greater Philadelphia.
