

Key Personnel

Krutee Shah, AIA, LEED AP, Principal Architect

Krutee Shah is a founder and principal of Paradigm Architecture + Urban Design. With 22 years of experience in architecture and interior design, Krutee was previously a managing partner at Lighthouse Architecture LLC in Philadelphia where she spent 12 years running the firm's operations. As managing principal of Paradigm,

Krutee supervises all of the firm's work and projects from beginning to end, directing the tempo of the office and acting as a central hub for communications. Her extensive experience managing complex and diverse building projects began during her years overseas and continues to develop at Paradigm. Through an approach she describes as "Accuracy, Neatness and Concentration," Krutee ensures that each project is completed on time and on budget by enforcing deadlines, coordinating communications between all parties, and rigorously tracking finances. Her hands-on involvement runs from schematic design through construction completion and post-occupancy, and includes feasibility studies and cost estimating.
